differential needs fresh fluid bi-annually, especially if you have a limited slip differential (LSD woah dude).

How To: Change the differential fluid on a Nissan 350Z

Used 5 speed (manual) transmission for all 1990+ 300zx Z32 models. Z32 NA and TT transmissions are all the same internally. The only difference between the normally aspirated and twin turbo transmissions is the increased clearance for the TT ring gear inside the bellhousing and the machining on the outside of the bellhousing where the starter mounts.
