By Volume 7, most people should be fully indoctrinated in Black Science. It is this weird, pulpy, Lost in Space kind of story. In this volume, the whole Eververse is in danger, and it is up to the McKays to save it. (That feels like one of the most understated summaries for this series, but I don't want to give away too much.)

Black Science, Volume 7: Extinction Is The Rule TP. The Eververse is collapsing under its own weight. The Dimensionauts, a ragtag collection of heroes, scientists, and anarchists from countless alternate realities, must band together and head towards the center of the Onion, the infinite-layered construct of all there is, was, and ever could be. Grant McKay created the Pillar to save the world with science, and now he must use it to save all worlds, all of creation, or doom reality itself to ...
