### Joomla Developer Manual

This manual, while not yet complete, seeks to give you an insight into the workings of Joomla. If you are new to Joomla, the chapters are set out roughly in order of easiest to hardest. We start with the Joomla template system which is extremely easy to learn. Modules then fit in nicely with your template work.

### Developer Manual - Joomla

This manual also serves as a lighthouse to the Joomla developer community, to safely guide developers around the pitfalls of becoming lackadaisical with respect to writing clean, beautiful code. The Joomla Coding Standards borrows heavily from the PEAR coding standard for PHP files, augmenting and diverging where it is deemed sensible to do so.

### Coding Standards Manual - Joomla! Developer Network™

An online collaborative community manual for Joomla! users, developers or anyone interested in learning more about Joomla! Currently, we have 9,322 articles written, maintained, and translated by our Joomla! community members.

### Joomla! Documentation

If your company or organization hires a third party Joomla! developer or builds in-house software using the Joomla! framework, you are building on an open platform that does not tie you to any one developer or to a proprietary, closed application. You can learn more about developing on the Joomla! framework over at our developer's
