Locality And Polity A Study

This is a comprehensive study of minor landowners - the gentry - in one county in fifteenth-century England. In common with other local studies of the later Middle Ages, it builds upon the seminal work of K. B. McFarlane, looking at the political and social world in the localities from which the nobles drew their power.

Locality and Polity: A Study of Warwickshire Landed Society, 1401-1499. Christine Carpenter. This is a comprehensive study of minor landowners--the gentry--in one county of fifteenth-century England. It looks at all aspects of their lives, including marriage, the family, how they ran their estates and how they made friends and enemies, in an often very turbulent century that saw the reigns of the three Lancastrian kings (Henry IV, Henry V, and Henry VI), the Yorkist Edward IV, Edward V and ...

This is thematic and chronological history, combining political and social analysis on a local and national level, hence the "locality and polity" title. Carpenter's conclusions that landowners' interlocking provided stability, politics were highly fluid, and that there was a transformation from local to royal influences in the 15th century are not new, but are well documented.
