Revit 2011 User39s Guide

Autodesk

Autodesk

The latest released version is 2011. Autodesk has a proprietary, censored, wiki as part of their Community Learning including a Revit manual based on the earlier extensive help system documentation. The wiki can only be edited by users handing their works over to Autodesk. Unlike this manual it may not be freely reproduced.

Revit User's Manual - Wikibooks, open books for an open world

User Manual This document is part of the Revit SDK. It provides an introduction to implementing Revit add-in applications using the Revit Platform API. Before creating a Revit Platform API add-in application read through the manual and try the sample code. If you already have some experience with the Revit Platform API, you may just want to review the Notes and Troubleshooting sections
