"Thinking in Numbers is a mind-expanding, kinetic aesthetic experience. My mind shot off the page, spurred to see universal patterns very much alive in everything from the natural world we share to how imagery and metaphor occur in my own creative process. Tammet's poetic mathematics are beautiful guideposts for thinking about life and even love.

Thinking In Numbers: On Life, Love, Meaning, and Math by ...

" Thinking in Numbers is a magnificently, movingly peculiar and wise book." --Kurt Andersen, author of True Believers and host of Studio 360 "With Einsteinian elegance, Tammet recasts our perceptions of the human experience in this extraordinary collection of essays.

Thinking In Numbers: On Life, Love, Meaning, and Math ...

Patterns are the matter that these molecules, in combination, make. Take, for instance, the consecutive facts $9 \times 5 = 45$, and $9 \times 6 = 54$: the digits in both answers are the same, only reversed. Thinking about the other facts in the nine times table, we see that every answer's digits sum to nine: $9 \times 2 = 18$ ($1 + 8 = 9$) $9 \times 3 = 27$ ($2 + 7 = 9$)

Thinking In Numbers Quotes Showing 1-13 of 13. "A bell cannot tell time, but it can be moved in just such a way as to say twelve o'clock - similarly, a man cannot calculate infinite numbers, but he can be moved in just such a way as to say pi.". — Daniel Tammet, Thinking in Numbers: How Maths Illuminates Our Lives.

Thinking In Numbers Quotes by Daniel Tammet

Thinking in Numbers is his effort to draw the rest of us into seeing that beauty. One example of a puzzle he finds pretty: The universe is finite, yet the numbers used to describe it can go on infinitely. Archimedes tackled this paradox in the third century B.C. when he calculated how many sand grains it would take to fill all of space.

Thinking in Numbers on Apple Books

And the numbers get smudged on this one, but the odds of a miscarriage are around one-in-five. Some experts believe the odds are three-out-of-five. If it happens early enough, an uneducated mother-to-be will think it was just a late period. When we finally decided to have children, it took us two years to get pregnant.
